Marlene H. Dortch, Secretary
Federal Communications Commission
Office of the Secretary
445 12th Street, S.W.
Washington, DC 20554

Subject: **Nexus Communications, Inc.**, FCC Certification of the Company's Wireless Traffic
Percentage of Interstate Use for **Third Quarter** of 2009
WC Docket No. 05-68, **Redacted** Version of Filing

Dear Ms. Dortch:

Pursuant to Section 64.706 of the Commission's rules (47 C.F.R. § 64.706), "[e]ntities that provide telecommunications to the public...for a fee will be considered telecommunications carriers providing interstate telecommunications services and must contribute to the universal service support mechanisms." Certain other providers of interstate telecommunications "must also contribute to the universal service support mechanism", which includes, but is not limited to, providers of cellular telephone services. Consistent with this requirement, please find enclosed a redacted version of **Nexus Communications, Inc.** ("Nexus", the "**Company**") FCC Certification of the Company's Wireless Traffic Percentage of Interstate Usage ("PIU") for the **Third Quarter** of 2009. Nexus seeks confidential treatment of the following FCC Certification and is therefore simultaneously filing an original, signed version of the FCC Certification by paper.

Should you require further information, please contact the undersigned.

Respectfully submitted,

Steven Fenker
President, Nexus Communications, Inc.
